2017/6580/P	Fortune Green and West Hampstead Neighbourhood Development Forum	c/o N Jackson 42 Sarre Road NW2 3SL	22/01/2018 17:31:11	OBJEMAI L	From Fortune Green and West Hampstead Neighbourhood Development Forum The forum objects to this application. A key component of the Neighbour Plan is to improve circulation on pavements in the West Hampstead Growth Area. (Policy 4.vi. page 27) The pavement outside 124 West End lane is narrow and is one of the most congested parts of the pavements linking the Thameslink Station to the underground station. We believe that an ATM at this point would greatly increase congestion and increase the risk to pedestrians of being forced off the pavement.
